Your path into a top, global university is our priority

Dear Students and Families,

We are thrilled that you are interested in learning more about Villanova College, an Independent Catholic High School located just outside of the heart of Toronto. Here we offer international students incredible academics, extracurriculars, support services and more to ensure that students have a positive, engaging and enriching educational experience.

International students are immediately embraced as part of our school community from the moment they arrive on campus. Our caring faculty and small class sizes give each student the individual attention they need to grow, learn and reach their full potential.

Villanova College's nurturing and caring approach allows for international students to easily get involved, form new friendships and discover new interests and opportunities.

Villanova College offers international students access to a full range of services, including:

- A rigorous academic program that includes Ministry of Education and AP courses*
- ESL classes and After School tutorials personalized to each student's proficiency level*
- University guidance and counseling tailored to fit the needs of international students seeking entrance to preferred universities and elite programs*
- Homestay placement, transportation and student support services*

We hope to see you on campus soon!

Best wishes,

Paul Paradiso
Villanova College President

personalized learning

Why attend an Independent Canadian High School?

Independent Canadian High Schools offer students rigorous academics and a supportive environment, with an emphasis on achieving Top 50 acceptances at both Canadian and U.S. universities. International students in Canada are set up for success from the moment they arrive, with affordable tuition prices, a comprehensive visa system, world-renowned universities, safe and diverse communities and incredible natural beauty.

Student Achievements

Pathway to Universities

Canadian universities are some of the most highly ranked and well-funded in the world. Through attending an independent Canadian high school, students are prepared to meet these universities' rigorous academic requirements for acceptance. At the same time, students are also on a clear pathway for entrance into top U.S. universities. Villanova College offers students guidance and support, whether they are applying to Canadian or U.S. universities.

"Being a student at Villanova College has made a significant difference to my study abroad experience. Villanova provided me with everything I needed. The courses at Villanova helped me to build a solid foundation for the first-year study in university. Teachers at Villanova care for students and are always willing to help and give their professional advice. They are enthusiastic about teaching and working with me to overcome academic difficulties, and they guided me to find the field I want to further study in. The experience of being in the Villanova family gave me the confidence to further study and enjoy my time in Canada."

—Feiyang Yuan (Class of 2019, China)

$\frac{dx}{dt} = \sin x$
 Therefore $g'(x) = f(x)$
 if $f(x) > 0$ then $g(x) < 0$ then

"I chose Villanova College mainly because of its atmosphere and environment. As an international student, I am very grateful to have a group of lovely teachers and classmates to help us integrate into VC and Canadian life. Although we are not native speakers, teachers are always willing to listen and respect our ideas. All of these helped me feel the warmth in a foreign land and makes me become more confident and prepared for university life."

—Kaidi Xie (Class of 2020, China)

Villanova College Academics

Teacher Advisor Program

Beginning in Grade 9, students are assigned to a Teacher Advisor with a small group of other students in the same grade. This group meets weekly and stays together until graduation. The purpose of the group is to support students as they transition into high school and help students set and achieve educational goals. The Teacher Advisor also meets with students one-on-one throughout the year.

90+

College Prep Courses offered

9

AP Courses offered

AP Courses: Biology, Calculus AB, Chemistry, English Literature & Composition, Physics 1, Physics 2, Statistics, Microeconomics and Macroeconomics

School Facilities

Program Highlight: STEM Program

Students with a strong interest in STEM fields can apply for the exclusive, four-year academic STEM enrichment program. In this program, students take enriched courses and take part in a challenging, hands-on curriculum that will help them understand advanced concepts and prepare them to study STEM in university.

Brand-new advanced engineering lab

Student performances take place at the Richmond Hill Centre for the Performing Arts

Guided Learning Center where students receive academic support

Fully-equipped science laboratories

Mac Computer Lab

Sprawling 53-acre, Wi-Fi enabled campus

Elite athletic facilities, including:

17,000 square foot state-of-the-art triple gymnasium

Advanced fitness center and team locker rooms

200m indoor running track and scenic lakeside running trails

Program Highlight: House System

Villanova College's House System, based off the model used in Britain, gives students a supportive, inclusive environment where they can make friends and form a community—while engaging in a friendly competition with other houses. Students are divided into four Houses, and earn points for their Houses throughout the year. The school year cumulates in a much-anticipated annual House Olympics each May.

"My experience at Villanova was nothing short of life-changing. I entered Grade 7 as a shy student afraid of asking questions. One of my most memorable moments was my first day of summer school, as I was absolutely blown away at how dedicated my teachers were to my education. From that day forward, I never stopped asking questions...my teachers were selfless with their time, and I certainly feel that my time at Villanova left me very prepared for university"

—Gabi (Class of 2018)

Comprehensive Homestay with Villanova College

Villanova College has partnered with one of Canada's top homestay providers to ensure students have a top-tier living experience. The Provider offers students round-the-clock staff to assist with any questions or issues that students have.

International students live in comfortable, safe homestays that are located in proximity to the school. Transportation to and from the high school every day is provided

Students take monthly field trips with other international students to explore local attractions, such as the Toronto Zoo, Art Gallery of Ontario, Niagara Falls and more

Students will have a bedroom, including a dresser, desk and closet. Host families will provide breakfast and dinner on school days, and three meals per day on weekends

Through the University Advantage, students attend global advising seminars and receive individual university consultations

Host families and international students are paired through a methodical matching process to ensure they are a good fit

Students benefit from additional tutoring in supervised study sessions that are held four days per week after school

STUDENT ADVISING & SUPPORT STAFF

Provincial Director

The Provincial Director oversees each international student's time at the school. The Director works closely with the student's teachers and host family to help ensure the student is healthy, happy and thriving. They will also oversee a monthly field trip.

International Student Support Counselor

The counselor works closely with students to ensure that they are thriving academically and emotionally. They also support all facets of the student's life, such as helping the student with problems at school.

University Guidance Advisor

International students work closely with University Guidance Advisors who help students through every aspect of the university admissions process—including exclusive webinars, university selection and application assistance.

ESL Teacher

International students they receive ESL lessons specially tailored to their abilities. Students can also use the ESL Teacher as a resource to receive additional homework help in their other classes.

International Staff Members

Dedicated staff members are stationed in 10 countries around the world who will accommodate any language barriers students may face.
